invites you to attend and sponsor

WE CARE FOR CHILDREN

Featuring the premiere of

Project #SheCares

4,345

Parents, caregivers, child care providers and children served in 2018

Dear Prospective Donor,

Some of us can remember a preschool teacher, a child care provider or maybe a grandmother taking care of us. The fact is that most of us were cared for by someone in addition to our parents at some point in our lives. These are the providers we empower with our support every day. Last year, we served more than 189 child care providers who combined care for more than 1,200 children. In the last five years, we have assisted 48 individuals in starting their child care businesses, thereby creating 626 new child care slots and addressing the local child care deficit; **currently, only 1 in 4 children ages 0-12 with a parent in the workforce have access to licensed early care and education**. Empowering child care providers keeps our economy growing and our community thriving, and to continue our work, **we need your help**!

This year, we are celebrating the women who nurture and care for our children and we are very excited to invite you to sponsor and attend **We Care for Children, a Farm to Table reception and fundraiser** benefiting the families, children and child care providers we serve. The celebration will take place on **September 26th, 2019 from 5:30 to 7:30 PM** at the beautiful **Hirondelle House at Clos du Val Winery** and will feature the premiere of **Project #SheCares**, a collection of powerful stories and portraits of the child care providers in our community. Guests will also enjoy a fabulous Farm to Table spread provided by **La Saison** and award-winning wines from **Clos du Val**.

One of the women we will be featuring is Julia who became a licensed in-home child care provider 16 years ago and has cared for and nurtured more than 75 children with diverse needs and backgrounds. CRC has been supporting Julia since the beginning, helping her build a thriving dual immersion program and small business. Having reliable quality child care available is critical for families to work and our community to thrive. Many families benefit from Julia's service and CRC's support. This is how families describe why Napa County needs Community Resources for Children:

"The families in our community would not be able to be productive or self-sufficient without the resources of CRC, they are an integral part of the community for child care resources and the development of children."

"I have been involved with CRC from both the parent and professional aspect for many years. I do not know what I would have done if it were not for child care funding. As a professional, I have grown professional friendships and support from fellow teachers. Your program has helped me more than words can say."

Every day, CRC empowers individuals to open new and sustain existing child care businesses. We help them overcome the fear of stepping out of their comfort zone, guiding and coaching them along the way. In addition to creating pathways to self-sufficiency, we are helping women start careers thereby supporting local families and enabling more parents to go back to work.

Thanks to donors, sponsors, and partners, CRC is able to continue this important work of empowering the adults in a child's life. By strengthening the adults in a child's life we are ensuring that children are supported during the critical first five years of life so that they have the opportunity to reach their full potential, succeed in life and become contributing members of society.

On the attached pages please review the benefits of being a CRC sponsor and choose one that works for you. For more information and to reserve additional tickets please visit our event page at www.crcnapa.org/we-care-for-children. Please contact Eva Simonsson at esimonsson@crcnapa.org or (707) 253-0376 x140 with any questions.

Thank you for your consideration. We look forward to seeing you at Clos du Val Winery on September 26th!

With gratitude,

Dalila Hernández-Ramírez

OUR MISSION & VISION

The mission of Community Resources for Children (CRC) is to provide Napa County parents and caregivers with resources for the care and early education of young children. We envision a future in which every parent and caregiver has the tools that will enable the children under their care to reach their full potential and become contributing members of society. In addition to supporting parents and caregivers, we serve as the community link between families and licensed child care professionals. We strive to fill the local deficit in quality child care, supporting child care professionals during and beyond the licensing process.
